

**Latinx Task Force
Steering Committee Meeting
April 8, 2022**

Meeting Minutes

Agenda:

- HSI Next Steps Meeting - April 29th with Dr. O'Connor + Dr. Cameron
 - Will be getting more info on grants/scholarships from Laurel Koepernik before our meeting on the 29th
 - We could come up with our list of priorities for what to apply for and then see if there are any overlaps with the administration's priorities
 - Using the HSI Funding Options document to guide our conversation on the 29th
 - Keep working on this in the next few weeks
 - Summarize the main points into small, bite-sized bullet points for the presentation and then dive deeper into them
 - Have SC members choose one of the bullets to highlight at the meeting
- This meeting is the beginning of our work as an HSI institution. The designation was just the start of it all. This will hopefully allow us to get funding to address pressing issues both on our campus and beyond
